SCHOLARSHIPS FOR THE SCIENTIFIC STUDY OF SANSKRIT AND ARABIC—1932.

Two State scholarships for the study, one of Sanskrit and the other of Arabic, by Indians will be awarded in 1932. The scholarships will be of the annual value of £3.5 each and will be payable in Europe for a period of two years. The scholarship holders will be required to pay their University fees. Language scholars at Oxford or Cambridge will be expected to become non-resident students and payments to join a college will only be granted in case admission to the University is not otherwise possible. In the event of a language scholar having to join a college at Oxford or Cambridge his allowance will be increased to £25 a year to cover the additional expenses incurred.

5. The scholarships will be open to well-qualified students with genuine taste for advanced studies and to gentlemen already employed as Professors of Sanskrit or Arabic in India.

6. In the case of the Sanskrit scholarship the following conditions should be fulfilled:—

Some elementary knowledge of French and German should, if possible, be acquired by the scholar before leaving India.

In selecting candidates, regard will be paid to the following considerations. As the vast range of Sanskrit literature makes it necessary for a scholar to select some special field of Sanskrit learning in which to specialise, the choice of the special branch of study should be made in India and the pertinent preliminary studies completed before the scholar leaves for Europe. Accordingly if a scholar wishes to specialise in:—

(a) Vedic or philology, he should have some knowledge of Latin and Greek;

(b) Philosophy, he should have read one of the systems of Indian philosophy in the original texts and have read some Plato and Aristotle;

(c) Post-Vedic literature, his reading should have extended predominantly beyond the limits of the commentaries presented for the M.A. Examination at an Indian University.

6. Before a State scholar leaves India to take up his scholarship, his parent or guardian will be required to show that he has deposited with the Educational Adviser in the Secretary of State for India a sum of £25 for initial expenses.

8. Candidates desirous of applying for the scholarships should submit their applications to the Director of Public Instruction so as to reach him on or before the 1st March 1932.

Applicants should give detailed information on the following points:—

(1) Educational qualifications, general and special.

(2) Present occupation.

(3) Age.

(4) Physical Status.

(5) Native place (town and district) and those or community to which candidate belongs.

(6) Whether candidate has the consent of his parent or guardian to proceed to Europe.

(7) Address in India.

(8) Subjects in which candidate wishes to specialise.

9. Certificate of conduct and character and a written understanding that the applicant if awarded a scholarship will during his tenure, devote himself exclusively to the study of the subject for which the scholarship will be awarded should accompany the application.

7. Further particulars may be obtained by reference to the notification relating to these scholarships, published in the Port St. George Gazette, Part I-B, dated 4th June 1931.

STATE SCHOLARSHIP FOR INDIAN WOMAN GRADUATE—1932.

One Government scholarship of the value of £200 a year will be awarded during 1932 to an Indian woman graduate to enable her to specialise her studies abroad.

2. The scholarship will be awarded principally for the study of medicine but occasionally for other advanced courses. The term 'advanced courses' will be construed in a wide sense and will include the following:—

(1) Training of secondary schools for the teaching profession;

(2) Training as one or more teachers of European studies;

(3) Training as teachers of modern European languages;

(4) Training as music teachers;

(5) Training as art teachers; and

(6) Training in kindergarten methods.

3. The scholarship will be tenable in the United Kingdom or with special sanction in foreign countries for a period of three years in the first instance, with the possibility of extension in the case of medical students to 4 and 5 years. The scholarship will carry with it no restriction as to any of medical students to 4 and 5 years. The scholarship will carry with it no restriction as to any of subsequent course or service under Government, and no restriction of such employment will be laid out.

4. The scholarship when awarded for educational courses will be granted to a candidate who has passed the B.A. Degree examination of an Indian University. The candidate must produce a period of physical fitness in writings abroad the scope of study proposed and her parent or guardian should make suitable arrangements for her guardianship during her absence.

5. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable time from the date of her selection and to reside there for three years, unless compelled to return sooner by ill health. The scholarship will be payable from the date of her departure for England. She will be provided with a free second-class passage to England returning her onward passage if she completes the full period of residence or is compelled by sickness to return within that period.

6. Applications from candidates in the Madras Presidency who desire to be nominated for the scholarship for educational courses should reach the office of the Director of Public Instruction, Old College, Nungambalam, Madras, not later than the 1st March 1932.

7. Application should be made in the prescribed form in the candidate's own handwriting and should be supported by a birth certificate, a certificate of health from a Civil Surgeon, and by testimonials of character and ability. (If original testimonials are not sent in, certified copies should be submitted.)

8. The application should be accompanied by a full statement of the candidate's parentage and family circumstances.

Conditions of Auction Sale.

I. A deposit must be made by each bidder before bidding and will be returned by the selling officer on the day of sale. A deposit of Rs. 50 will ordinarily be required from any person wishing to bid for any important shop or any large number of shops. This will be reduced to Rs. 10 in the case of bidders who are more than two or three shops of an aggregate monthly value of Rs. 10 or less and to Rs. 5 in the case of bidders for single small shops.

II. The shops will be put up to auction in the order in which they are notified, unless the selling officer has power to change this order. Upon prices will be fixed at the discretion of the Collector. The reserve price placed by Government on the shops will not be published, but the average of the previous five years' rentals will be notified by the Collector, wherever possible, for the information of bidders.

III. No person will be allowed to bid for another unless he holds a present authority from him.

IV. The officer conducting the sale may, at his discretion, refuse to accept the bid of any person on the ground (1) that he has been convicted by a Criminal Court or has previously been guilty of such a breach of the conditions of license or of a contract under the ¹⁹²³ Act as to render him undesirable as a holder of a license, or (2) that he is employed or is answerable to Government; (3) that he has bid in private auction; (4) that he is a village officer or a relative of a village officer of the village in which the shop is situated or which is supplied by the shop or of a neighboring village; (5) that he is a contract supplier of country spirits for the contract area within which the shop is

satisfied; (6) that he is a known bidder for lost sheep; (7) that such a person is necessary to present arrangements to the satisfaction of Government officers; or (8) for any other valid reason.

V. The sheep will be knocked down to the highest bidder. If for any of the reasons mentioned in the preceding clauses the highest bid is rejected, the next highest shall be taken or the sheep must at the selling officer's discretion. In case of duplicate the selling officer's decision shall be final. The sale will be subject to formal confirmation of the Collector, who shall, in all liberty to accept or reject any bid at his discretion. Such formal confirmation will be tantamount to an acceptance of the bid, unless reversed by the Board of Revenue for special reasons, and will be necessary whether the sale is held by the Collector himself or by any officer appointed by him.

VI. At the close of each day's sale, the deposits made by the unsuccessful bidders will be returned to them. As the auction proceeds, each person whose bid is accepted shall at once, if so required by the selling officer, or otherwise at the close of the day's sale, make a further deposit of half a month's rent (in addition to the deposit made under clause I) for each sheep unless the actual deposit equals or exceeds two months' rent. Should he fail to do so, the deposit made by him in the course of the day will be forfeited and the sheep will be put up again immediately by the selling officer at the same conditions or otherwise dependent on the Collector and the defaulter will be declared from bidding again for the same or for any other sheep in the sale then in progress.

VII. Any person to whom a sheep has been knocked down and who has made deposits as provided in clauses I and VI shall when deposit, in cash or approved security, within a day from the date of announcement of the Collector's acceptance of the bid, such further sum as with the former deposits will make up two months' rent and shall without unnecessary delay take out a licence or the residence licence or permit to graze. In the event of the purchaser's default in any of the above, his licence and security shall be forfeited for all purposes that may become due to Government under the terms of the licence as well as for the proper observance of all the conditions of the licence. Should the actual deposit exceed two months' rent, the excess will be refunded unless the purchaser is requested to deposit twice that sum under clause VIII order.

VIII. If on enquiry subsequent to sale the purchaser shall be found to be defaulting in any way, he may be required either to deposit two months' rent in addition to the sum provided in clause VI or to get a security certificate to secure a security bond for the due payment of all moneys that may become due by him under the licence of the sheep. The bond shall be accepted (Article 55, Schedule II, Act II of 1919) and registered at the expense of the purchaser if the amount secured exceeds Rs. 1,000. In all cases where security is demanded the licence shall be limited to secure a counter-purchase agreement.

IX. On the failure of any person to make a deposit or take out a licence under clause VII or to comply with any requisition or to execute any requirement under clause VIII herein, the deposits already made may be forfeited and the sheep may be resold under the terms of the Privileges Office on a date to be notified by the Collector or by his subordinate. In the event of the latter officer reselling under the clause will be at the risk of the defaulting bidder, who will forfeit all moneys, and in the event of a loss, will be required to make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposits will be deducted from the loss arising from the resale, and the remainder, if any, will be convertible in the same manner as if it was an amount of land revenue. Should, however, the forfeited deposits be greater than the loss by resale, the value of such deposits will be credited to Government. The defaulting bidder will be similarly liable if the sheep is disposed at otherwise than by resale and such disposal results in loss to Government or compared with the original sale.

X. The purchaser of any sheep or option privilege is liable to the penalties provided for breaches of the regulations forth below, though a formal licence may not have been issued to him.

XI. The deposits referred to in clause VII or VIII may be made either in cash or in recognized Government, Post Office, Municipal or Local Board securities or by depositing Postal Savings Bank pass-books. When deposits are made otherwise than in cash, the Collector may demand that they shall be of such liquid value as to be such that the Collector and Government treasury must be satisfied in the event of the transaction at which they are deposited, if so required. Deposits in cash will be adjusted towards the instruments of loan due in the last month of the period of the loan. Deposits of securities or savings bank pass-books will be returned upon payment of the full amount of the loan due at such value as the Collector with that Government should then then over, in which case they will be taken over at the price of the day, and the balance, if any, due to Government must be paid in cash. In case of default under clause IX of the conditions of securities or under condition XI of the General conditions applicable to all Aliens and Oryan licences, all securities deposited are liable to be sold for any amount due to Government under the terms of the loan, the remainder, if any, due after such sale, being recovered as arrears.
